

## **PRESIDENT'S REPORT**

Al Lyons

This will be my first President's message since the Board has reorganized. I first want to thank Arnie Wolfman for his leadership as President of the Board for the past number of years.

With this column I will try to keep the community informed about what the Board is doing and answer any questions that may be circulating throughout the community. By the time you read this, we will have had our Quarterly meeting where Mayor Randy Brown spoke about things that are happening or planned in Evesham Township. The Mayor also introduced our new Township Manager, Michael Barth, who is the former Police chief.

At the meeting the Board also recognized chairpersons of our various committees who are the backbone of our activities and community organizations. This recognition is long overdue and we are appreciative of all who serve on committees to make this community the great place that it is.

The Board has been working to update our By-Laws and implement changes prescribed by a new State law, "the Radburn Bill". We met with our attorney and he is currently reviewing our document and will have it back to us in early June so that it can be finalized and submitted for registration in Burlington County. Most of what has been done is removing language that pertains to the builder and is no longer relevant to our community, clear up ambiguous language and insure that we are in compliance with the Radburn bill.

The Board has also heard from many residents about the Carnation Drive entrance to Village Greenes and have planned to beautify that area to reflect what we feel reflects to our residents and visitors the beauty of our community. Hopefully, this project will be completed by the time you read this article.

If you are not aware of it, this year is the 20<sup>th</sup> anniversary of our first residents moving into Village Greenes. The Board is currently working with the social committee to celebrate this anniversary. More information will be forthcoming as our planning becomes finalized.

I wish all our residents a happy and safe summer season.
